VERY REV. WILLIAM L. KELEHER, S.J.

At the time of the publication of our last issue the College had opened its financial campaign among the Alumni to erect a memorial to our War dead. The opening weeks were happy ones indeed, and it appeared that we would be able to obtain our goal in the appointed time. However, summer months and vacations have slowed down the tempo and today we are much behind our schedule. Elsewhere in this issue is the report of the Fund Office. The picture is at once encouraging and challenging. It is encouraging from the angle of those who have contributed to our cause; it is a challenge when we face the fact that a very small number have made any contribution. We are most grateful to those who have answered our appeal, to those who have labored to increase the number of contributors, and to those who have pledged support in the months to come. And we urge all our former students to rally to our appeal and make it possible to go ahead with our plans for a fitting memorial here on the campus.

During the summer months the Heights has been the scene of great activity. (We conducted the largest Summer Session in the history of the College, welcoming back many of our former students who were anxious to hasten the day when they could go forth as graduates. The alterations and expansions throughout the campus will be hailed, I am sure, as steps in the right direction. On Freshman Field we have erected four temporary buildings, one for classroom purposes and three for living quarters. Boston College will have its first resident students this year. All veterans, they will live in single or double rooms and take their meals in the new dining hall in the Tower Building. It is a start, and, we hope, the first step in the way of making our Alma Mater a resident college for those who will wish to live here.

Further alterations to O'Connell Hall and the

former Museum will allow the Business School to enroll many more students.

The increase in enrollment, the greatest Boston College has ever witnessed, has put a very heavy tax on our facilities, and we have been forced to limit the student body. The day has been lengthened, classrooms crowded and schedules dove-tailed in efforts to welcome more. But there must be a limit. I must ask the patience and understanding of our Alumni and the co-operation of all in this matter. Officials in all our schools have the same idea, to receive all students who are qualified. We cannot accept at the last minute men who have not applied at the proper time, men who have not gone through our entrance examinations, men who do not measure up to our standards. I can assure you of this, that much time and thought has been given the matter and the system which we have decided upon is the best to assure all our applicants a just and even opportunity to fulfill their ambitions at Boston College.

To aid further those who wish to come to us, we shall open another freshman class in February, 1947. The applications for this class will close on November 1st and the entrance examinations will be conducted early in December. It is imperative that you bring this to the attention of young men thinking of Boston College, to give them ample time to make the proper application and prepare for the examinations.

Let me take this opportunity to thank those of you who have been so helpful in our programs of alterations and expansion. Much has been accomplished by the work of our Alumni. But much more can be done if we can rely on the whole-hearted co-operation of all. Let me thank, too, the retiring Alumni Board for their efforts in our behalf when the work was anything but inviting. And, finally, let me wish the new Board every blessing and success in their endeavors for Boston College.

ON THE HEIGHTS

Another academic year began this month with an enrollment of over 2700 students in the College of Arts and Sciences and the Business School. Over 1000 students registered in the Freshman class. Last year at the same time the total enrollment was 800. Every square inch is occupied and the walls are simply bulging. The Faculty is the largest in the history of the College.

The Business School has returned to Cardinal O'Connell Hall on Hammond Street. Too small for the 750 students enrolled, classes are also conducted in the nearby Museum and in a temporary building on Freshman Field.

For the first time dormitory students were admitted, made possible by the erection of temporary buildings on Freshman Field near the Beacon Street entrance to the campus. There are four buildings, one for three classrooms and the other three for dormitories, housing approximately 130 students. Most of the rooms in the dorms accommodate two students each, while some are singles.

The cafeteria has been redecorated throughout and a new lighting system and equipment has been installed. The room nearer Alumni Field has been done over in knotty pine and pastel green and will be reserved for the boarding students.

COMMENCEMENT

At the 70th Commencement exercises held June 12, 126 degrees were conferred by the President, Very Rev. William L. Keleher, S.J., on the graduates of all the schools of the University. There were only 38 graduates from the College of Arts and Sciences and the Business School.

*Anniversary Class

This report is for the College of Arts and Sciences and the Business School.

In the interest of accuracy and fairness the report on the Alumnae and other schools will not be published until the next issue.

Sixteen hundred Alumni have already carried their contribution load with splendid average.

For their loyalty and generosity a sincere and grateful "THANK YOU."

But there are Eight Thousand who have not appeared to do their turn at carrying.

Of course your intentions are good, but "The Pledge is the thing."

For:

Every day you delay your pledge you delay that much-needed and long-awaited Memorial Building, and you add to the costs of the campaign.

CARRY YOUR LOAD NOW!

Mail that Pledge Card before you leave this page.

And we shall be most grateful in the name of Alma Mater and promise to save you a special place in the "Sidewalk Superintendents' Gallery."

For the contribution we know we are about to receive, "Thank you, too."

Sincerely,

Frank V. Sullivan, S.J.

LATE FLASH

Wake Forest defeated B. C. in the opening game, 12-6 before 40,000 spectators.

FOOTBALL

When has an Eastern college ever given to the sports public a schedule such as the Eagles have listed for 1946? In the 64 years of B. C. football never has more than one Bowl team come to Boston in a season. Yet now Alabama, Rose Bowl champion; Tennessee, Sugar Bowl contestant; and Holy Cross, Orange Bowl loser only by an eyelash, meet the Maroon and Gold on consecutive Saturdays!

Practice began early in August for the stalwarts of the 1946 Eagles, for in starting formal football anew, the Eagles had an almost prohibitive task. Informal football was successful—the record compiled by the undermanned civilian squad was splendid, and the Eagles gave excellent accounts of themselves wherever they were pitted against civilian clubs. However, now that the war is over, and all teams play on a more equal basis, Big Time football is back everywhere. The Eagles play nine games . . . every one of them is a major contest. There are no breathers, and B. C. should play to a capacity crowd each game.

Wake Forest, which opens the season on September 27, was one of the very best clubs to face the Eagles in '41. Already the Governor of N'Carolina is touting his boys as Rose Bowl contenders. Michigan State, rivals of a decade ago, is host to the Eagles at Lansing on October 5. Russ Leader is the Spartan star, but the 1942 club that defeated Great Lakes sends eight men back to college. Kings Point, the team that defeated the Maroon in the best B. C. game of '45, is loaded with material and has a great coach, Reinlander. Villanova poured it on B. C. at Philadelphia last year; B. C. hopes to turn the tables at Boston. New York U. is met in New York. Tom Cappozoli, last season's Fenway star, is only one of the fast group of returning veterans that made football history for the Violet before the war. Georgetown is always a deadly rival of the Eagles. Then comes Tennessee—Sugar Bowl rivals of the Maroon; then Alabama, already rated as the Number One team of 1946. Only one man is missing from the Rose Bowl champions as Frank Thomas leads his sixteenth Alabama eleven into action. Mancha, All-American center and best lineman in the South, and Harry Gilmer

are but two who will test the Eagles. Then comes the all-important clash with Holy Cross after only six days' rest.

What has B. C. to offer in order to stop these powerhouses? Of the pre-war Eagle line there are Lipka and Degan at the ends; Furey, Sisti and Kissell at the tackles; Darone, Palladino, King, Gianelli, Murray and Quinn at the guards, and Twomey and Zissis in the center. A few of the backs are Mangene, Lanoue, Brennan, Kililea, Burns, DeRosa and Benedetto. Of the war teams are Gould, Ring, Bowdring, Micholewicz, Murphy, Aznavoorian, Carney, Morro, Longval and a score of others. Freshmen include Dave Lucey's boy; Art Spinney; Whittaker; Kennedy, 6 ft. 6 in., 250-pound lad from New York; and Art Donovan, even heavier. At quarterback Clasby and Panciera look to be able to steal the show. Ed Songin and Cannava are ready to break in. And Ed Garrity, B. C. hockey immortal, has sent up his son Tom.

BASEBALL TEAM

Congratulations to the baseball team and Coach Freddie Maguire for a very successful season. The team had a record of 17 victories and two defeats (Northeastern and New Hampshire). B. C. defeated Holy Cross twice in a two game series.

ADULT EDUCATION

JOHN W. RYAN, S.J., '30

Popular evening informal courses "Learning for the fun of it."

"I'd like to look over the old Philosophy again sometime, but I never seem to get around to it."

"I wish I had a clearer idea of this whole economic and political situation."

"My wife and I belong to the Book of the Month Club and we would like to get a Catholic view on some of these modern books."

"My wife and I feel we really ought to know more about our religion."

During the past few years at class outings, banquets and other reunions I have often heard remarks like these from classmates. Similar remarks have convinced our President, Father Keleher, and Father James L. Burke, who organized the School of Adult Education, that here is an opportunity for the College to do something worthwhile for the Alumni. We feel that it is your College. We are depending on you for your loyal support in our building campaign. And we want to do our best to help the Alumni in every way that we possibly can. That is why we have founded an institute of Adult Education even at a time when the Faculty is more burdened than ever before with undergraduate work.

The Boston Pilot stated in a recent editorial: "Each year more and more people of all ages and positions in life are discovering that Adult Education is very pleasantly worthwhile and that their interests are broadened and their enjoyment of life deepened by intelligent, informal lecture-discussions on modern problems from a Catholic viewpoint."

That is the general purpose of our School of Adult Education, but we want to be practically helpful to the Alumni in this whole plan. We realize that after a day of work you are not interested in going back to formal classes or lectures on abstract principles. We do believe, though, that many of the Alumni and their wives and friends are interested in getting together for congenial, informal lecture-discussions on timely modern problems. We would like to have your suggestions on the subjects you wish to have discussed and the relative amount of time you would like to have devoted to lecture, questions and discussion.

The School of Adult Education has a minimum of red tape requirements. There are no long registrations, no examinations and no academic credits. It is just learning for the fun of it and to avoid getting into a mental rut. You can have an enjoyable worthwhile evening that will help you to form an intelligent Catholic opinion on a

number of modern problems. As for cost, the fee is nominal, five dollars for a course of seven evenings.

The class has contributed the sum of \$3555.00 from 30% of its members. Upon examination of the records I find that there are still several of the class members that have failed to contribute. I feel certain that there are at least 10% non-contributing members that will or should contribute their proportionate share of the \$1185.00 which will make a creditable total of \$4740.00. This amount is still not a great contribution from the Class of 1916.

Francis A. Reynolds, Chairman

CE Congratulations to **Father McInnis** on his elevation to the rank of Monsignor.

Father Andrew O'Brien is now pastor of St. Mary's, Wrentham.

The class extends its sympathy to **Fr. Quill** on the death of his mother; to **Fr. Donovan** on the death of his father, and to **Fr. Cunningham** on the death of his mother.

Arthur Gormley is a real member of the class of 1916. He came from Des Moines to be with us for our 30th reunion on Alumni Day. 39 members of the class were present at the dinner on that day.

Pat Donovan and his family spent several weeks this summer on a trip through the West.

Steve Downey's boy is studying at Harvard Medical School.

Your correspondent has lost track of **Father Gerald Fitzgerald**. Any information as to his whereabouts would be appreciated.

John H. Flynn, Chairman

 **Judge Napoleon J. Vigeant** of the Chicopee Dist. Court died suddenly late in July in Springfield. A native of Lowell our late classmate led a very active life in the law and in military circles. Funeral services were held in both Chicopee and Lowell. The service in St. Jean Baptiste Church, Lowell, was attended by over 1500 persons including clergy from all over New England and Canada. Large numbers were present from state and county offices as well as city officials of Chicopee and Lowell. Representatives of the various bar associations and military organizations in which the late Judge held membership added to the tribute. The Yankee Division in which "Nap" served in the two World Wars was represented by past and present staff officers. "Nap" never married. A sister died suddenly

early in July. He is survived by a brother, **Rev. Antonio Vigeant**, pastor of St. Louis de France Church. Lowell, who celebrated the funeral Mass, and two sisters and a brother in Springfield. Several classmates attended the wake. The Mass was attended by **Eddie Austin, John Mahoney, Roland Mahoney, Ed Tracey, and Jim Kelly**. May he rest in peace.

Fr. Frank Caffrey, M.M. has returned to this country from Honolulu and is stationed in St. Louis. **Jack Doyle** is justly proud of the record son **Jack, Jr.**, made at Boston Latin School. Young Jack was president of the graduating class, president of the debating society, a silver medal winner in debating, and recipient of the P. T. Campbell Medal which is "awarded annually to the member of the graduating class who during his course in the school shall have best fulfilled the ideals of a Latin School Boy as inculcated by Dr. Campbell for more than a generation."

Father Joe Keenan recently returned from service with the Navy on a transport has been promoted to parish priest in the new St. Elizabeth's Parish, Milton. The new assignment means a tremendous task for Father Joe because he must build from the ground up a complete parish group of buildings. **Father John Welsh**, for many years an assistant in St. Rose's Church, Chelsea, has been appointed parish priest in Marshfield.

Father Frank Murphy, parish priest, Star of the Sea Parish, Squantum, is in charge of plans for a new parochial high school to be located in Quincy.

Joe Hurley, who is remembered by the class as a quiet, unassuming, industrious classmate, passed away quietly after a long illness. For years he had been engaged in his own dairy business in Newton. The class was represented at services in Sacred Heart Church, Newton Center, by **Paul Waters, John Mahoney, Ed Tracey, and John Flynn**.

Jack Fleming reports from Houston that he and his family are in good health and he sent his pledge to the Building Fund.

Best wishes for a successful year to **Rev. Maurice Dullea, S. J.**, who has been reappointed Faculty Director of Athletics.

The Class of 1918 is not living up to its reputation in this drive. Other classes have greatly surpassed us so that in going to print we rank 17th in our percentage of participation, with slightly less than one third of the Class contributing or pledging. This has been due, I know, to inattention rather than lack of interest. If you can't contribute now, by all means, send in your pledge card. This is important. Will the Class of Commander **Jack Shea** fall down on the job? The answer to this is No.

John A. Canavan, Chairman

 Condolences of the members of the Class are extended to **Rev. Joseph R. Walsh, S. J.**, Administrator at the College, whose mother died this summer.

Dan Harkins has been appointed assistant division traffic manager for Pan American Airways, Atlantic division, at La Guardia Field, New York.

The Commander **John J. Shea** Field was dedicated at the Squantum Naval Air Base on July 20.

Rev. Vincent I. Kennally, S. J., has been designated as Superior of the Missions of Oceania, comprising all the Marianas (except Guam) and all the Carolines and Marshalls. He will act as Apostolic Administrator. Our guess is that he will be the first member of the Class to be made a bishop.

The Class of 1919 will, I am sure, show the same generosity in the present drive as they did in the

I feel that now Summer is over we should get a more active response from those who have not yet returned their pledge cards.

✂ Frank Renehan is responsible for the information contained in these notes. Frank reports that Jack Whouley has been reappointed Assistant Commissioner of Public Utilities by Governor Tobin. Eddie Rogers has been promoted to Manager of the branch office of the National Biscuit Company at Dover, N. H. Eddie has been with the National Biscuit Company for the past twenty years. Frank himself modestly admits spending the summer doing graduate work at Cornell University. Henry Barry has returned after several years' service with the Army in China. On last Alumni Day Henry promised some interesting notes on his China activities and those of Father Joseph P. McNamara. Perhaps Henry will follow the good example set by Frank Renehan and have the notes ready for the next issue of Alumni News.

The Reverend Michael Murray celebrated the silver anniversary of his ordination on June 4. Should any of the Class wish to write to Father Murray they may address him care of Rev. J. J. Tortorice, St. Mary's Church, Rosedale at Ennis, Houston, Texas.

Father Doucette returned to the Philippines in June.

Dr. Horace Martineau of Springfield was out at the Heights this month. One of his sons is a student at the College. Another will enter in February.

The above figures speak for themselves. Intentions are fine but can't be recorded. Let's convert them into dollars!

If the men of the Class who have promised to contribute to the Build-

ing Fund drive, but have not as yet sent in their cards, will do so NOW, the Class can easily triple these figures.

✂ dear john:

this is just a warning to you to pay no attention to that small percentage figure at the head of these notes because the '20 gang have never yet fallen down on the college and we'll be up there soon because the fellows who are doing all the work are pop pyne, joe joyce, father russ haley, bob o'connell, gerry cleary, jack sheehan, frank kiely, phil shea, dinny lyons, father john lane, john clark, father tom mcnamara, frank dillon, eddie higgins, joe white, elias shamon, paul troy, tom gately and leo aicardi and when that gang operates you get results and if leo aicardi was a bit late in contacting his men it probably was caused by his officiating at his daughter helen's marriage and glimpsed at the ceremony was louie kane who is now connected with the behen fruit service as sales manager (so you can toss your raspberries to him instead of at me from now on) and the class is pleased to note that bob o'connell is number one on the headmasters list on the intermediate schools of Boston and then moving downtown we find that frank kiely has opened engineering offices on devonshire street and joe joyce is vice-president of the mcgoldrick sales company on state street while walter kiely is out on terminal leave from the navy and is in charge of public relations for the greater boston development committee and while we have a couple of more notes, we may need them for next time so with the final notation that the entire gang are rooting for our tom scanlans' speedy return to health i'll sign off.

The current Building Fund report establishes that our Class has made the largest cash contribution to

date. The majority of our membership have responded generously, but we have received neither cash nor pledges from the rest. Will you kindly respond, all of you, to my recent appeal for your support?

Jeremiah W. Mahoney, Chairman

✂ Rt. Rev. Walter J. Furlong, Dean of St. Clement's Hall, Brighton, has been appointed Chancellor of the Archdiocese. The Class of 1921 is happy to congratulate Monsignor Furlong. Another honor came to him last June when he was raised to the Domestic Prelacy.

Rev. John J. Donnelly, O.M.I., was reappointed pastor of the Immaculate Conception Church, Lowell, for a second term.

Our Class is proud to report that it now leads all classes in cash contributions to the current building drive. The check for \$5,270.00 which Jerry Mahoney presented as our class gift to Father Rector at the evening exercises on Alumni Day, was the largest anniversary gift of any class since the College obtained its charter.

Father Francis B. Sarjeant, S. J., came to our 25th anniversary from Baghdad. He has now returned to Baghdad where he is associated with another classmate, Father Charles W. Mahan, S. J.

"We" also arranged with the State Department for the attendance of Leo Callanan, who came from his post as consul in Rio de Janeiro, Brazil. We extend to Leo our congratulations on his recent appointment as U.S. Consul at Victoria, British Columbia.

The member who traveled the farthest from within the United States was Joe Doyle, who came from Cleveland to celebrate his 25th with us. Other Out-of-Staters were Frank Morrissey from Philadelphia, and Joe Flynn, Frank McCaffrey, and Mike Fitzpatrick from Providence. Arthur McCarthy of Philadelphia and Jim Rooney of Arlington, Virginia, were unable to attend the 25th celebration but spent their vacations here in June and July. Both look fine and enjoyed talking about their early days at the Heights.

Forty members of the class took part in the Alumni Day parade and attended the ball game with Holy

Cross. Forty-five members attended the Alumni banquet.

Tom O'Connor's son has graduated from medical school and will spend his internship at the Boston City Hospital. The young doctor has just been married and is the first son or daughter of a classmate to be married.

Doctors Herb Cleary, Ray McCarty, and Irving Gregory have returned to their medical practice after service in the armed forces. **Jerry Mahoney** saw **Frank Connors** at the Pops recently with a very pretty lady. Jerry doesn't want to embarrass Frank by prognosticating.

Judge John Sullivan electrified the ladies at Nantucket this summer, but is still, or actively, single.

Judge John Burns was on the committee appointed by the Attorney-General of the United States to draw up the New Rules of Criminal Procedure and Practice in the Federal Courts.

Congratulations to **Ed Foy** on his election to the Graduate Athletic Board.

Thanks to **Jack Burke** for the hospitality of his home during the rainstorm which followed our outing at Hatherly. A good time was had there by all. Fifty-five members and their guests were present at Hatherly on June 8. **Dr. Vin Kelley** with six guests and **Tom Bunyon** with four guests led all the rest. Although **Dan Costello** was unable to attend our 25th, **Jerry Mahoney** has received several interesting letters from him.

John B. Donahue, Editor of Columbia, was a delegate to the National Catholic Press Association Convention held in Boston in June.

Jimmy Donahue is always on the job at all our class affairs.

Connie Flynn and his large family are living in New York where Connie is a designer.

The sympathy of the class is extended to the family of **Bill Foley**, who passed away on July 8. We also extend our sympathy to **Jack Burke**, who lost his father recently; to **Dr. Jack Gallivan**, who lost his brother; and to **Tom Dee**, who lost his father.

Gordon Irons announces the birth of a son in August. Be sure to send any changes of

address to your class reporter. The sympathy of the Class is extended to **John Burns** on the death of his father and **Jimmy Cox** on the death of his sister.

Our goal is \$100.00 or more from each member who can afford to back the College to this extent. We will be grateful for a smaller amount from those whose situation will not permit such a contribution.

We have already received a few gifts substantially above this figure but current reports showing only 19% response are disappointing. Your pledge now is vital. The class has been divided into districts. You will be contacted within two weeks, but why not send that card to **Paul Duffly** immediately? Now is the time to be really generous.

Rev. James H. Doyle

 Congratulations to **Charlie Collins** who became a vice-president of the Old Colony Trust Company this month.

Frank Flynn is out of the Army after service in Japan and is back again in the Boston school system. **Leo Motley** has also returned to the same system. Leo served for the past 2½ years with the rank of major as rehabilitation liaison officer for the Marine Corps in New Hampshire and Maine.

One of **George Kearn's** boys has left B. C. for the service; another is still at the Heights.

Another boy of mine, **Richard**, has entered B.C.H.

Eddie Bell is now a squire out in Watertown.

Spent another summer at Five Islands, Maine. Many will remember two weeks spent there 25 years ago. **Frank Magennis, John Craig, Fr. Jimmy Doyle, Fr. Tom Sweeney,**

Art Joyce, John Carey, Charlie McCarthy, Leo Motley, Jimmy Connolly, Fr. Leo Flynn, Bill O'Brien, John Toomey, John Hogan, Frank and Ben Daly, and a dozen others were in the party.

We're up among the leaders. But let's not be content with anything but the Number One position. All contributors to date have shown the fine loyalty and generosity we knew they would.

There are plenty of others who have been putting it off. ACTION is the keynote of the '23 campaign. Concerted effort on the part of the Class captain is urgent if the over all drive is to be successful. Pledge and contact at once!

 Don't look now, but I think that inexorable fellow, "Tempus Fugit," is following us. We are now entering upon the 24th year of our graduation from Alma Mater and our membership in the Alumni.

We must be brave and face this fact, but with **John P. Flavin** at the helm, we have little to worry about except "Father Time" himself.

Myles McSweeney was given the reporting task for his newspaper, The Boston Daily Record, of covering the Pilgrimage to the Shrine of St. Anne de Beaupre conducted the past summer by Archbishop Cushing. The thrill of the assignment rested in the fact that three of Myles' sons made the Pilgrimage as the guests of the Archbishop, all of them being members of the winning CYO Band of St. Joseph's Church, Medford.

Father Harold F. McDermott, who had been assigned since last Christmas to St. Ann's church of Neponset, was transferred to St. Joseph's Church, Somerville, in early September.

Lieutenant William F. Carty, Division Chaplain of the Army for the past few years, has been retired,

and to the best of our knowledge is resting at his home in Jamaica Plain.

Our sincere condolence is offered to **Harry Muldowney** in the death of his daughter, Leah, which occurred last July 12. Two sons, 8 and 9, are the rest of Harry's progeny. Sincere condolence is offered also to **Jim Reardon** whose daughter died this summer.

A review of the year reveals the fact that only about one third of the members of the class were mentioned in the four issues of the *Alumni News* which were issued last year. This is one of the weaknesses of perhaps every class—a lack of representation. However, the fault lies not with "Scriptor" who would be glad to receive material of every kind at any time. Make this year different so that we can plan for a great Silver Jubilee in 1948.

P.S. Don't forget your pledge and payments to the Boston College Building Fund.

Men of '24:

Remember the motto of our Class—"Noblesse oblige." In this current drive for funds for the Memorial Gymnasium keep in mind that motto. We have done well to the present writing but there is an immediate need for more contributions. Send that pledge along NOW and keep our Class up there among the leaders.

John C. Holbrow, Chairman

The Summer season has been a very cold one for your reporter in attempting to gather "spot news" for the class notes. He has not seen or heard from any of the boys since Alumni Day. So we'll have to continue with our brief biographies.

Richard S. Burke: Dick was ordained to the secular clergy on April 5, 1929. His assignments since that time have been Mary Immaculate of Lourdes, Newton Upper Falls, St. Catherine's, Charlestown, St. William's, Dor-

chester, St. Ann's, So. Peabody and his present post at St. Ambrose', Dorchester. Fr. Dick had a brief siege of illness a few years back but is now back to regular assignment and hopes to be able to attend some of the class functions in the future.

Edward J. Callahan: Ed is a member of the Society of Jesus and is at the present time assigned to Weston College. Father Ed recently spent some time at the Mass. General Hospital where he underwent a serious operation. He is now back to his duties at Weston and is reported to be doing very nicely.

Eugene J. Campbell: Gene is the manager of the Newton, Watertown, Needham and Wellesley offices of the New Eng. Tel & Tel. Co., and has his office in Newton. Gene is married and has two children. His boy is a junior at Boston College High School.

Francis J. Campbell: Frank is the registrar at the College and is the coordinator of veteran affairs for the College authorities. Frank is married, has two girls and lives at 11 Colonial Drive, Arlington.

Joseph P. Cannon: Joe is one of the few members of the Class that has disappeared from sight and knowledge of your reporter. Every attempt to secure information concerning him has come to a dead end. Any further information or suggestions as to his whereabouts would be most welcome.

Walter J. S. Carroll: Walter graduated from Jefferson Medical College in 1928. He is an Eye, Ear, Nose and Throat specialist, practicing at 5 Chestnut Street, Arlington. He is an assistant surgeon in Oto-Laryngology at the Mass. Eye and Ear Infirmary and an instructor at both Harvard and Tufts Medical Schools. Walter is a member of the American Academy of Ophthalmology and a Fellow of the American College of Surgeons. Walter is married and has two boys, the older one a student at St. Sebastian's Country Day School.

The above figures tell their own story. It is not representative of what the Class can do or will do. Most of us have been making up our minds, and intending to make a contribution. Show your good will by sending in a pledge card, even though you send no cash at this time. Make two or four payments to total any sum you specify, but the most important thing is—do something now! Don't put it off any longer.

The sympathy of the Class is extended to **Fred Mahony** on the loss of his wife who died May 14. **George Donovan**, President of Webster College, Webster Groves, Missouri, was the speaker on the Catholic Hour on the NBC network for four consecutive Sundays in August.

Anthony Julian, a major in World War II, has been installed as Grand Venerable of the Grand Lodge of Massachusetts, Order of Sons of Italy of America.

Joseph Melley was nominated for the State Senate from Chelsea.

Eugene Giroux just missed the District Attorney's nomination in Middlesex County. He has been appointed to the Industrial Accident Board.

Seen at the National Laymen's Retreat Conference at the Statler in June were **Max Kowalsky**, **Frank Carroll** and **Daniel A. Lynch**.

Fred Leary, who served in the Army with the rank of lieutenant colonel, is back again with the New York Telephone Company.

Father Joe Burke has been appointed to the Faculty of St. John's Seminary and **Father Bill Sherry** has been transferred to St. Mary's, Melrose.

Let's not stay in the middle! '26 is strong in its potential power but

has been particularly slow in responding to the appeal for the Building Fund. The need is urgent; the plea rates top priority. Think for a minute and then sit down to write a generous pledge. You have until June, 1947 to redeem it, but that pledge is needed now.

 In June the Class had a wonderful time at Coonamesset Ranch in Falmouth. In fact the boys liked it so well we'll go back there next year. Golf course good, food tops. We wound up with the fellows discussing world problems in one room, playing poker in another and one group around the roaring fireplace singing songs.

John Fallon's Cohasset home burned to the ground recently.

One informant says that Jake Collins has been working on the "Steel Pier."

Every now and then I see Ed McDevitt.

Joe Hughes ran a boys' camp for the summer.

John Dooley had a little knifework done on him at St. Elizabeth's in August where genial Doc Gorman holds forth. Bob O'Doherty is there too.

Congratulations to Tom Herlihy who now has the rank of captain in the Navy.

Anthony Perry has moved from Denver, Colorado, to Washington, D. C.

(Editor's note. The sympathy of the Class is extended to Bill Cunningham on the death of his mother.)

'27 is a flop! That was the conclusion I came to at 8 P.M. on the evening of September 3rd as I looked over the grand total of contributions and pledges to the Building Fund. Only 31 contributors—about 200 missing—approximately 13% had donated \$1,000 in cash and about \$1,000 in pledges. 87% had let something or other come between them and Alma Mater. It was pretty discouraging. Could it be that the rest just didn't care?

That they were not interested in passing on their heritage to others and expanding B.C. for generations to come? It was hard to believe, but there were the figures.

'27 is out 20 years next June. We are all looking toward a gala reunion. That's as it should be, but let's approach Alma Mater with a few dollars in our hand. Then everyone can be happy. So, get busy and send in your pledge. Don't be ashamed or proud of its size. Alma Mater needs your help now! Father Joe Ryan, Professor of History at St. John's Seminary, has been given a leave of absence from his duties in order to make special studies in History at the Pontifical Institute of Mediaeval Studies, University of Toronto, Canada. He is the first Boston priest to study at the Institute.

Captains Jim Geary and John Devlin were among the Jesuit chaplains that gathered at Weston this summer.

Listed among the visiting professors at Hyannis State Teachers College this summer was Dan O'Leary. He has given courses in History there for the past few years.

For purposes of simplifying the job of contacting the members for the Building Fund campaign and making plans for our 20th reunion next June the Class has been divided into small groups, each with a captain. The following have graciously volunteered to help: Jack Buckley, Vin Carolan, Jim Cotter, Marty Davis, Jack Desmond, John Donovan, Ray Finnegan, Fred Harkins, Tom Heffernan, John Higgins, Joe Hopkinson, Joe Ingoldsby, Tim Lyons, Bill Marnell, Fred McDermott, Joe McKenney, Tom Murphy, Joe O'Brien, Bill Ohrenberger, Tom O'Keeffe, Dan O'Leary, Flavel Ray, John E. Sullivan (Revere), Jack Toomey, Walter Waldron and Father Joe McCall.

We would like to know the addresses of the following: Darcy Barrett, Ray Castle, Jack Costello, T. Russell Cunningham, Tom Dermody, Frank Downing, Bernie Fallon, "Mossy" Howard, Joe McDonauld, Frank Regan, Neil Sweeney, Jack Thornton and Gus Whelan. Tom O'Keeffe became a father of a boy about a month ago. He now has five children.

Father James Normile is out of the

Army and is stationed at St. Coleman's, Brockton.

At this writing 47 of the Class have contributed or pledged approximately \$3500 to the Building Fund. This is an excellent showing by these members. Still, it is the duty of every member to contribute to this Fund. Have you sent in your pledge?

It was nice to hear from Father Bernie Unsworth located in New Bedford; Joe Quinn, Chief Chemist in the Plastics division, du Pont Company, Arlington, N. J.; Dr. John Andosca, stationed at the Mattapan Sanatorium; John Considine, Somerville; Jack Burke, Principal of the Bristol, R. I., High School; Emmet McCrann, Montclair, N. J.; Father Leo McCann at St. Mary's, Cambridge; Dr. Joe McCarthy back at his old stand in Concord, N. H.

Always have to have a plug for our politicians. Paul McCarty was nominated for Congressman in the 10th District.

Fred Moncewicz, Murray Page and Pat Tompkins are running things smoothly at the State House. Fred was appointed in June to the position of State Comptroller by Governor Tobin. He is now living in Quincy while Murray and Pat are in West Roxbury. Of course Dan Driscoll had his finger in the projects.

Massachusetts Federation of Labor is ably represented by John Henry Morris these days before the State Ballot Law Commission.

The bachelor twins, "Babe" Daley and Pete Carey, have made another tour of Canada. No report yet.

Do not forget that pledge and contribution!

Father John Lorden has been transferred to St. Michael's, North Andover. Father Joseph McGoldrick to St. Margaret's, Dorchester, and Father John Lane to St. Charles', Woburn. Father Joe Donoghue has returned to St. Mary's, Charles-

town, after a leave of absence. **Father John Callahan** has been appointed to the faculty of St. John's Seminary.

Classmate:

Boston College needs a gym. That takes money. Our quota is \$10,000. We are going to give that money. We have 217 graduates and 85 ex-men in our class. To date 51 men have come through. Our average contribution, excluding one gift of \$3,000 is \$77.39. What are we waiting for? Let's get it over with. Pledge now; pay later. Confidentially, you don't need a pledge card. Take any old scrap of paper, write out what you think you can give, or phone me at Capitol 1825 or Parkway 6422-J, and we'll stop chasing you.

John J. Mahoney, Chairman

 A blanket invitation to classmates to drop into his new home if they chance to be in Pittsburgh has been issued by **J. Lloyd Carnegie**. It is located at 2424 Craftmont Avenue. Lloyd recently completed an extensive tour of duty in the Marines.

Joe Sheehan and his family, including one set of the class twins (the only others as far as I know are Tim Nyhans') summered at West Yarmouth.

Class president **John J. Mahoney**, whose appeal for support of classmates to the Building Fund and report on what has been done thus far you will find elsewhere, was at Falmouth Heights. After several baseball sessions and "pepper games" Jerry expounded learnedly on "slowing reflexes," emphasizing his points with a swollen index finger.

Doctors back in practice after lengthy war service include former class president **Ken Brown**, **Frank McNamara**, **Leo O'Connell**, **Jim Corkery** and **Bill Hafferty**. **Father Frank McDonnell**, former chaplain, is stationed at St. Andrew

the Apostle Church, Forest Hills.

Vin Sullivan, the class mercantile expert, refreshed from a summer on the Cape, back heading up a department at Filene's. With sellout football games in prospect for the Eagles, Vin earnestly claims not to know the man in charge of the popular ticket window at that store. **Warren Pierce McGuirk**, of the Malden McGuirks, back from the Navy and readying the latest edition of the Malden "Golden Tornadoes."

Al Taylor, who put his former French Academy prowess to good use during the War, is home with his bride (French) at Redlands Road, West Roxbury.

Harry Kievenaar, the utilities tycoon, racing about inducing new home builders to install gas "the clean fuel."

Bob O'Brien, the Latin School professor, like many another pedagogue including past president **Gene McLaughlin**, is now a realtor on the side, Homes Inc.

Ed Lee, the counsellor-at-law, had a slight accident at Falmouth Heights this summer when his car was in collision with another. Fortunately Eddie and family escaped comparatively unscathed.

Father Justin Durocher is still in the service as a chaplain.

Jim Dean is a chemist with the Michigan Paper Company living in Plainwell, Michigan.

Lt. Colonel Wilfred O'Leary was relieved from active duty at Fort Sam Houston, Texas in July. He has returned to the Boston school system.

Attorney Henry M. Leen presented in the July issue of the "Bar Bulletin," organ of the Boston Bar Association, an erudite and illuminating article entitled "Federal Rules of Criminal Procedure."

Don't forget the Building Fund. This time we must be more generous that we think we can. It is the most serious call Alma Mater will make on her sons in our time.

Joe Birmingham has been promoted to the position of assistant cashier with the Old Colony Trust Company.

Father Frank Harkins, out of the Army, is at the Sacred Heart Church, Medford. **Father Charles Glennon** is at St. Joseph's, Malden, and **Father Jim McManus** is at St. Anne's, Readville.

Father John Ryan, formerly stationed at St. Mary's in Randolph, is now chaplain of the Holy Ghost Hospital in Cambridge.

Condolences of the members of the Class are extended to the family of **Father George Mulcahy** who died in August. Quiet and genial, **Father George** will be missed by us.

The Building Fund report shows that '31 thus far is running a good race. Our half-way mark has been passed and we approach the far turn in a favorable position that gives us hope that our final drive to the finish line will merit distinction for our class. The report indicates that only 35% of our strength has placed us among the leading classes in the drive. Consequently, with 65% of the class yet to be heard from it certainly is reasonable to expect that '31 will go over the top!

No other campaign is more worthy of your support than this plea of Alma Mater. Each individual alumnus owes a debt to the College as well as to those B. C. men that made the supreme sacrifice for our country in the nation's wars. Acknowledge this debt by making your contribution to the erection of the Boston College Memorial Gymnasium. DO YOUR PART NOW! Send your contribution or pledge, or visit Father Frank Sullivan at the Building Fund office at 209 Washington Street, Boston. Give him your

moral and financial support.

Tom Crosby, Chairman

The reunion in June marking the fifteenth anniversary of our graduation was by far the most successful held yet. On Sunday, June 9, Father Art Norton celebrated a Memorial Mass in St. Mary's Chapel for the deceased members of the Class. Following Mass a Communion Breakfast was held at the Hotel Beaconsfield, Brookline. Speakers at the Breakfast included the ever popular Fathers Keyes and Harney.

On Monday, June 10, members of the Class gathered at the Heights for Alumni Day. The large turnout included several whom we had not seen since graduation. Members of the Committee, headed by Tom Crosby and Ed Connelly deserve great credit for the splendid job they did on the arrangements and promotion of this event. Jimmy O'Donnell made his debut in alumni circles and was royally welcomed on all sides. Jimmy is employed by the U. S. Rubber Company and in June was living in West Roxbury but we understand that he has since been transferred to Providence.

Lt. Col. Leo Shaughnessey was on hand for the first time since '31, having just returned from Germany a few days before Alumni Day. Leo, who has been out of the U. S. for eight out of the past nine years, was in the country for just forty-five days before returning with his family to Germany.

Leo F. Amrhein, M.D., just out of the service, is resuming the practice of Medicine at 50 Elms Avenue, Quincy.

While we have no official confirmation at this time, it is reported by usually reliable sources that Jim Coveney is the latest to desert the thinning ranks of the bachelors.

Tom Foley was on hand for Alumni Day and gave a very interesting and informative preview of the 1946 football prospects during a skull session sponsored by the Circle Bar and Grill.

An orchid is in order to Jack Chisholm for the highly capable manner in which he provided for the pre-pandial needs of the Class following the ballgame.

The sympathy of the Class is ex-

tended to John O'Sullivan in the death of his father in June.

Ed Connelly has resigned from Compton & Knowles of Worcester and has opened up an office at 31 St. James Avenue, Boston.

Father Edward Flaherty is at St. Anthony's Church, Allston, while Father Edward Godfrey is at St. Mark's Church, Dorchester.

Classmates, so far our contributions to the Building Fund have not been what you might call outstanding. All contributions will be credited to our 15th Anniversary Gift to the College so let's put 1932 at the top of the list. Some member of the class will contact you within the next sixty days.

James J Heggie, Chairman

Tom Tierney, M.D., after three years in the Naval Medical Corps, has opened his office at 566 Washington Street, Brighton.

Gerry Moore was recently appointed Tournament Supervisor of the Professional Golfers' Association.

If anyone is planning a trip, contact Ed Hurley. He is associated with Reid & Hurley Travel Service, 49 Adams Street, Milton, handling all kinds of trips and tours.

The Class members are asked to remember in their prayers the father of Father Ed and Bill Bennett who recently passed away.

Fran Curtin is back in the insurance business after service in the Navy.

Congratulations to Jim Donohoe from Dorchester. A son was born August 31 at the Carney Hospital. Hugh Bonner, M.D., is out of the Army and has reopened his office in Jamaica Plain. Charlie Callery is also out and has resumed the practice of dentistry in Canton.

"Red" Galvin is teaching school in Canton.

Clif Cashen has gone in for big business after getting out of the service. He has the most elaborate

restaurant and cocktail lounge in Norwood, Lewis Square Grill. If in that vicinity, drop in for a meal. **Jack McCarthy** is in the real estate and insurance business with an office at 85 Water Street, Boston. He is also an assessor for the City of Boston.

Lt. Commander Joseph V. Wilson, USNR, will be glad to hear from you. He is with the U. S. Fleet Activities, Sasebo, Japan. He is the assistant port director and executive officer there.

William Downey is now head librarian for Look magazine in New York.

Father William O'Brien is once again stationed at St. Theresa's, Revere, after serving in the Army in Africa and Italy.

William T. Connor has been appointed assistant superintendent of schools in Nahant.

Loyalty cannot be measured in terms of dollars and cents, but there are times when it can best find expression in that medium of exchange. This is such a time. The Building Fund needs our united, 100%, support. Pledge—to the limit of your ability—pledge NOW.

🚩 Congratulations to the most recent class benedict, **George Crimmins**, who was married in St. Mary's Church, Cambridge, to Mary Alice Charnley.

Ed Booth, formerly Cuneo, is teaching Math at Berkeley Prep.

Billy Connelly must have "cut" class the day **Harry Doyle** warned us against picking up hitch-hikers (Court of the Dusty Feet, you know). He was recently held up and robbed of \$45 by two sailors to whom he had given a lift.

Peter Fallon, just out of the Navy, is associated in the practice of the law with the firm of Rabb & Rabb at 10 Tremont Street, Boston.

Luke Roddy, another ex-Navy man, has opened a law office at 45 Milk St., Boston. If you don't keep your big, fat mouth shut, O'Brien, you'll

talk yourself right out of business! **Ed Connolly** is associated with the legal department of Dupont in Delaware; Ed is married and the father of two youngsters.

As if to demonstrate that the entire class is not dominated by the philosophy of the vested interests, along comes the item that **Ken Kelley** was elected secretary-treasurer and legislative agent of the A. F. of L. in Mass. The uninformed press described the result as an "upset."

Johnny Fitzgerald has returned to the hallowed shades of South Bend and his post of philosophy in the University of Notre Dame. Kind of thick going, eh Johnny?

In your faithful scribe's widespread survey of the real estate market he was very pleasantly surprised to meet **Eddie McHugh** who is a realtor in Quincy. Eddie is married and the daddy of two boys. During the war he was a Navy officer and reports that he and **Jack Quinn** staged a '33 reunion on a lonely atoll in the Pacific.

Bill Hogan was seen passing out cigars about May 3, 1946 in honor of his new daughter; that makes two girls and a boy for Bill. (Incidentally, all I got from him was an item of news for this column.) Bill's college and Cambridge cohort (N. B. that alliteration), **John Landrigan**, is also the proud father of a baby girl. That makes a boy and a girl for John, who at last report was still a Navy lieutenant, stationed at the Fargo Bldg.

On Alumni Day June 10 there was a banner turnout of '33, featured by an impromptu raffle under the able and eloquent guidance of **Impresario Warren**. It should be added that the prizes consisting of liquid refreshments were furnished by **Ed Roach**, Norwood restaurant chain owner. The golf balls were the gift of W. H. Brine Co. Most of the prizes were partially or completely liquidated before the awards to the lucky winners.

Among those present at Alumni Day was **Zan Romano** of far away Plymouth, who reported rather belatedly that the Romano family now consists of two girls and a boy.

Included among the chaplains of the archdiocese who received special citations at the open air Holy

Hour at Braves Field were **Maj. Jed Desmond**, **Capt. Frank Desmond**, **Capt. John Daunas** and **Lieut. Jim Cullinane, U.S.N.R.**

Our Western Mass. correspondent sends word that **Frank Lawlor** is a partner in a firm operating the Mohawk Restaurant in Greenfield. **Joe Brennan** is out of the Navy and back at his post of professor at New Rochelle.

Jack Connolly of the Naugus Head Connollys is associated with General Electric Corp.

Ed Roach has had an addition to his family, this time a baby girl.

Joe Murphy has been transferred from the Quincy to the Chelsea office of the Social Security Board. **John Costello** is teaching in the Somerville school system.

Lt. Col. Johnny Moynahan has been crashing the front and editorial pages of all the public prints in connection with his work during and since the war on the atomic bomb. John was press officer for the Manhattan project and has written a book called "Atomic Diary," concerning his experiences there and at New Mexico and Tinian leading up to Hiroshima and Nagasaki. He then returned to civilian life only to be recalled to participate in the famous Operation Bikini.

Maurice Whalen, U.S.O. regional executive for New England has been cited by the War Dep't "in appreciation for patriotic service in a position of trust and responsibility."

Harrington Spellacy, returned from three years in the Army, is associated with the Merchants Reporting Co. in Boston.

Maj. Ed Carey, still single despite those blonde locks, is at present in Korea, where he is in charge of an Army Hospital.

Fr. Paul Hoppe, S. J., who entered the Canadian Province of the Society, was ordained at Toronto in June and celebrated a public mass at Holy Trinity Church, Boston in August.

Fr. George Lawlor, S. J., has gone into tertianship at St. Robert's Hall, Pomfret, Conn.

On July 20, 1946 the Class attended a memorial Mass in honor of the members who died in the service. The Mass was held at the College Chapel with **Fr. Frank Desmond** as

celebrant, **Fr. Jed Desmond** as deacon and **Fr. Jim Cullinane** as sub-deacon. Also present were several relatives of the deceased members. The breakfast following the Mass was remarkably well attended. The event was so well received that the Class Committee is considering making a memorial Mass for all our deceased classmates a regular feature of the annual calendar of activities.

Congratulations are in order for **Fred Boyle** on the birth of his third boy.

Joe Dolan is the manager of **Sears Roebuck** in **Norwalk, Conn.**

Father Francis Desmond is on the faculty of **St. Sebastian's** in **Newton.**

Bill Dunne has been appointed to the faculty of the **Windsor, Vt., High School.**

John Cotter was married to **Miss Josephine Mele** of **Willoughby, Ohio,** on **July 13.** He served thirty months overseas in the **Medical Corps,** and is now employed in the **X-ray Department** of the **Veteran's Hospital,** **Chillicothe, Ohio.**

The above summary of the activity of our Class in the Building Fund Drive is self-explanatory. We have reached one-fourth of our quota. We have heard from only one-fifth of the Class members. A small Committee has worked hard during the Summer and has met with only moderate success. The major part of the work is still to be done. The Committee is now being expanded and every Class member who is approached for this work is asked to cooperate fully in this most important endeavor.

All members of the Class can facilitate the work of the Committee by forwarding a pledge card to the College immediately.

The Committee has agreed that each Class member should contribute one week's salary (gross) to the Building Fund.

Let's all work hard for thirty days

and over-subscribe our \$12,500 quota.

 The sympathy of the Class is extended to **Father Dan Sullivan** whose mother passed away in August. Father Dan was recently released from the Navy.

George Miles was the featured speaker at the annual meeting of the Particular Council of the St. Vincent de Paul Society in Boston. George has two children, a boy and a girl, and makes his home in Westchester (County, New York. He is Executive Director of the War Relief Services of the National Catholic Welfare Conference.

Class President **Joe Killelea** was recently separated from the Navy in which he served as lieutenant commander. He has been promoted to personnel director of the Boston Consolidated Gas Company.

Maurice Joyce was married in May to the former **Ita Louise Rafferty** of West Roxbury where he now lives. Maurice is in the legal department of the Veterans Administration. Also in the VA are "**Duke Pavone** and **Walter Dray.**

Phil Kelly exhausted his patience with our local weather and moved to Arizona where he plans to continue in the real estate and insurance game.

Father Saunders was recently appointed by the Chancellory as court chaplain for the Newton area.

Marc Lewis received a Ph.D. degree at the University of Michigan in June. Marc's specialization was in U. S. Constitutional history. He is married and resides in Detroit. At the present time he is the assistant chief of the Salary Stabilization unit in the Treasury Department. In 1945 our anniversary gift topped the list. Let's do it again in '46. Please co-operate and send in your pledge without delay and make the work of the committee that much easier.

The Class of '37 has to date shown only limited returns in its contributions to the Building Fund. The total of only 15% of the class already subscribed does not place '37 among the leaders.

You who have contributed have given generously and we thank you. Thus far we have maintained an average pledge of about \$60. Let's keep up the good work! Your team captains are working hard and, in most cases, have already contacted you. Co-operate, don't procrastinate. We want and need your pledge **NOW**—cash, whenever you wish to send it. Help us put the top class where it belongs.

 Due to a misunderstanding there was no report of our Spring reunion in the last issue of the Alumni News. The affair was very successful both socially and financially. Well over one hundred members of the class attended and

a heretofore nonexistent class treasury was brought into being. Elections were held—results—**Kev Sullivan**, President; **Bob Callahan**, Vice-President; **Paul Schultz**, Treasurer; and yours truly retained his post as Secretary. We want to express our appreciation to **Father John McMahon**, who once more took care of addressing and mailing the post cards. The enthusiastic response to the notice of this meeting indicated that a large majority of our class is anxious to get together at similar affairs. At that time many of our classmates were still in the service, assuring an even larger turn-out for our next meeting.

With but 9%, yes, only 9% of the class heard from with a pledge! How about YOUR pledge today? We do not ask the impossible, to pledge more than you can afford. The main purpose of this message: **GET THAT PLEDGE IN TODAY! ! !** Let us bring the class of 1943 to the top of the list.

 The first annual reunion and banquet of the Class last Spring was a pronounced success from the first handshake to the sandwiches and coffee at Jim Greene's Southie habitat at three o'clock the next morning. The reunion, well attended, included the following: **John Acton, Hector Alexander, Louis Alfano, Bob Blute, Wally Boudreau, Warren Bradley, Ed Brooks, Paul Brosnan, Dick Buck, Bill Campbell, Bob Cannon, Joe**

Khoury, Bob Galligan, Walter Cas-sell, Joe Regan, Bob Cusick, Bill Fitzmaurice, Ed Lanigan, Dick O'Brien, Ernie Curelli, Charlie Drummey—maybe it would be much simpler to give the names of those not present. Strew the orchids before Chairman **Tom Antico** and committee for their preparatory work. Before more time elapses, President **Nick Flynn**, who by this time has doffed his Navy braid, will come up with an idea for a fall get together.

To coin a term, as always is my wont, the Class of '43 is the "marryingest" group to leave the Heights in recent years. Most recent benedict is **Sal Bellissimo** who married **Marie Halligan** of Belmont. The Waltham good-fellows were also decimated somewhat when **Bob Casey**, sans mustache, aided it with **Elizabeth Leahy** of the Watch city. Another newly married couple are **Tom Antico** and the former **Shirley Smith** of Malden. **Lt. Norman W. Reinhalter** of the Navy's Dental Corps and his bride, the former **Mary Pevear** of Hampton, N. H., are making their home in Manila, P. I., where Norman is stationed. Following his exit from the Navy **Dick Shoenfeld** was married to **Mary Carrigan** at the Presentation Church in Brighton. Ushers were **Henry Ducey, Ed Divver, John Acton, John Whelan, Joe Turke** and **Frank McCarthy**. **Henry Ducey's** wife is the former **Frances Wallace** of Dorchester. **Eddie Divver** and his wife are parents of a toddling daughter. **Bob Ferry** was married in May to the former **Marion Gertrude Steele** of Roslindale. Joining the married ranks in June was **John O'Donoghue**. His wife is the former **Alice Marie Bronzo (Regis)** of Arlington. **Joe Repko** married the former **Irene Opalek** of Coaldale, Pa. And **John McQueeney** married **Veronica Roland** of Burlington, Vermont, September 9. Rev. **Sidney J. Smith, S. J.**, performed the ceremony.

Alex Skene is engaged to **Nancy Elizabeth Bell** of Newtonville.

Ed Myers is back on the beam with **WMEX** after a hitch in the Navy. His announcing job consists of plying listeners' ears with commercials, news broadcasts and patter on his record program each evening. On the side "Moe" is grind-

ing out short stories in hopes that there will be takers.

Lt. Charlie Toole, on terminal leave from the Navy, was married recently to **Mary O'Malley** of Dorchester at Portland, Maine. He has accepted a berth as teacher-coach at South Kingston High School in Rhode Island.

John Rafferty writes that he and his wife, **Dorothy**, are parents of a boy born May 3. John and family reside in Washington, D. C., where he is employed as a physicist with the National Bureau of Standards. **Bill Gallagher** is teaching in Bil-lerica.

Condolences are extended to **Bob Bradley** whose father died in June. **Don Currivan** was married to the former **Catherine Rockett** of Sharon recently. **Ed Maloney** is married to the former **Winifred Cadigan** of Holyoke.

Walter Greaney is at B. U. Law, **Hector Alexander** and **Jim Graham** are at Harvard Law, **Johnny Flynn** at B. C. Law and **Jim Sweeney** at Harvard Business.

Johnny Carusone and his wife, the former **Helen Thorley** of Dorchester, were married last February and are living in South Boston. "Carrots" has entered the Social School.

Frank Mahoney is the father of a seven months old son. Frank and family are living in Portage, Wisconsin.

We may be short in the number of graduates because of the demands of military service but we are strong in the spirit of these and of all those who are now resuming their interrupted studies. We can contribute the enthusiasm

of a young class by rallying to this, our first, cause with 100% response. Let's do it today!

Incidentally, if some of the fellows would like to drive out to see Tom, I would appreciate it if they would get in touch with me. I would be only too glad to make definite arrangements to take them out to Concord, and I know that Tom would appreciate seeing some of us once in a while. So keep it in mind.

Agriculture's Future Is in Capable Hands

A FEW MONTHS ago at Cincinnati, delegates to the National Junior Vegetable Growers convention hailed as their champion an eighteen-year-old boy from Salem, Oregon.

By raising and marketing \$5,300 worth of vegetables on a 12-acre plot he won first place in the \$6,000 production and marketing contest sponsored annually by A & P.

This young farmer is not an exception. He is typical of thousands of farm boys and girls who, doing man-sized duty in the fields and orchards of the nation during the war, proved that the future of agriculture is in capable hands.

With the aid of agricultural agencies and their own farm youth groups, tomorrow's farmers are learning to turn out better products at less cost . . . learning to be even better farmers than their fathers. Their achievements promise better food for American consumers and better returns for American farmers.

But since food is valueless until it reaches the consumer, agriculture alone will never raise national living standards. Efficient production must be matched by, and dovetailed with, equally efficient distribution.

That is why the men and women of A & P constantly strive to improve upon their 86-year record of doing the nation's most effective job of food distribution.

A & P FOOD STORES
